Where is my Aggiemail?

Remote Writing Center appointments will meet using Google Hangouts. Google Hangouts is a Google application. Because of this, you will need to use a Gmail account or your Aggiemail account to join the Google Hangout where you meet with your tutor. If you don’t have a Gmail account, your tutor will email you to ask for your Aggiemail account.

How do I find my Aggiemail address?
1. Go to my.usu.edu and log in.
2. On the left-hand toolbar, you will find Aggiemail under “Campus Links.”
3. Click on Aggiemail.
4. When your tutor invites you to join the Google Hangout session one or two minutes before your appointment, you’ll receive a message in the left-hand menu of your Aggiemail.

5. Click on the message and a chat window will open up, where you can officially accept the invitation to meet.
6. Once you accept, you can chat with your tutor.
